Salary Rankings

2008-2009

Missouri NEA prepares the Salary Rankings report annually. This report is compiled using the 2008-2009 Department of Elementary and Secondary Education core data. Core data is a compilation of the information entered six times per year by each of the 523 Missouri school districts. For more information about core data, visit the Missouri Department of Elementary and Secondary Education's Web site at <http://dese.mo.gov/divimprove/coredata/index.html>.

The following sections are included in this report.

Section 1 – Alphabetic listing of all the school districts detailing the superintendent's salary as well as the average salary of the teachers in that district. Several districts did not have data listed for the superintendent position, thus the record appears blank. A few districts have more than one superintendent.

Section 2 – Alphabetic listing of school districts according to district size or region detailing the average teachers' salary.

Section 3 – Alphabetic listing of school districts according to district size or region detailing the average administrators' salary.

An average for each group is posted at the end of each sub-section. Below are the state averages of public education certified staff.

2008-2009 Missouri State Averages

Superintendents – 100,779
Administrators – 87,378
